

SPEAKER: Bill is advanced. That brings up the general file consideration of L.B. 446. Stand by just a moment. Senator Carpenter, for what purpose do you rise?

SENATOR CARPENTER: My bill, 179, is just after 301. I want to have the bill bracketed on general file until I have amendments for it.

SPEAKER: Senator Carpenter is asking to bracket L.B. 179 on general file. Are there objections. Hearing none, that is ordered. Attention please, then to the general file consideration of L.B. 446. Clerk will read the bill.

CLERK: Legislative Bill 446. Introduced by John Cavanaugh of the 9th district. (bill read) There are no committee amendments nor other amendments.

SPEAKER: Chair recognizes Senator Cavanaugh.

SENATOR CAVANAUGH: Mr. President, could I hold that for a few minutes? I have an amendment that I would like to, if you could go on to the next bill and I'll pick it up.

SPEAKER: All right. It is so ordered. We'll move on to 284. Attention please, the general file consideration of L.B. 284. The Clerk will read the title.

CLERK: Legislative Bill 284. Introduced by Senator Richard Lewis of the 38th district. (bill read). There are committee amendments by Senator Syas' Constitutional Revision and Recreation Committee.

SPEAKER: Chair recognizes Senator Syas.

SENATOR SYAS: I move the amendments be adopted. The original bill calls for, I think it was one-half mile in the, no, the original bill was 60 yards, I think it was, and the bill introduced is one-half mile. We figured one was too short, one was too long so we compromised on what is approximately one-quarter mile.

SPEAKER: Any further discussion of the committee amendment? Senator Duis? Are you up to speak on the committee amendment? Question is, shall the committee amendment be adopted? All those in favor say aye. Those opposed say no. It is so ordered, the amendment is adopted. Senator Lewis, back to you. What is your pleasure?

SENATOR R. LEWIS: Mr. Speaker, I move that this be advanced to E&R. This is a bill that we attempted to work out some of the differences of opinion with the hunters and the landowners which is a condition that has steadily worsened and many of the landowners have a real concern about trespassing and this is an attempt to modify the trespass law and we wrote in some modifications and some clarifications here, made it easier to, for the landowner to follow the posting requirements, makes it easier for the hunter to find who is the landowner or the tenant of record and we think this is a bill that will really promote a better understanding between the hunters and the landowners and I renew my move to advance it to E&R.

SPEAKER: Chair recognizes Senator Barnett.

SENATOR BARNETT: Mr. President, I wonder if Senator Lewis would yield to a question?

SPEAKER: Senator Lewis, will you yield?

SENATOR R. LEWIS: Yes.
